

Multi Fittings Price Increase

April 1, 2026

TO OUR VALUED CUSTOMERS:

Recent geopolitical events have disrupted global energy markets, resulting in higher costs of energy, fuel, transportation, and key raw materials used in the production our fittings products. While resin supply appears stable, cost volatility continues to pose risk and the outlook remains unpredictable.

As a result, effective May 1, 2026, we will increase prices by 10% (*current list x 1.10*) on all municipal and plumbing fittings products. Updated price sheets will be available online the week of April 20th at www.multifittings.com.

Thank you for your patience and understanding as we navigate this latest challenge impacting our industry. As new information becomes available, we will continue to keep you informed.

Please contact your Multi Fittings Sales Representative with any questions you might have regarding this announcement.

We appreciate your continued support of Multi Fittings.
